**NARRATIVE:**

Steele has an extensive criminal history that began at the age of 19. He has been convicted of manufacture and possession of dangerous weapons, multiple first degree burglary, multiple petty theft with priors, under the influence of controlled substance, possession of bad checks, parole violations, violation of post release community supervision. He was released most recently from state prison to the supervision of the Los Angeles County Probation Department on August 26th, 2012 after serving a four (4) year term for manufacturing and possession of dangerous weapons. Under the Governor's Public Safety Realignment Act of 2011, better known as Assembly Bill 109 (AB 109) the responsibility of lower-level offenders was shifted from the State to Los Angeles County. Steele subsequently failed to report to his probation officer and an arrest warrant was issued in October 2013 after he absconded from post release community supervision (PRCS). Steele qualified to be released to the supervision of probation, under AB 109, because his current commitment offense of manufacture and possession of dangerous weapons is defined as non-serious and non-violent under the California penal code. His prior history, and current failure to comply with the terms of release make him a most wanted. If you know his whereabouts please contact...
